5th Realm/Sage (5RS)

Points (H) 5.00, (L) 4.00-4.99

Refined, pure-hearted, wise, empowered

Overview - A place of true serenity where one's greatest purpose and joy is fully aligned with Source Energy or God's own work and glory, free from any other motive. One who seeks no recognition, and who knows how to successfully achieve goals using success principles.

Strengths - Selfless, compassionate, serene, clear, pure-hearted, discerning, wise, patient, experienced, calm, knowledgeable, intelligent, sensible.

Drawn to - comfort and strengthen others, principle, subtlety, and adhering to a long term vision for their life's purpose.

Combination Analysis - The 5th Realm or outer level of the matrix is where remaining burdens, concerns, entanglements and ulterior motives melt away. It's where we begin to experience the ultimate way of being, feeling whole, complete, unhindered and serene.

This level is attained after enduring well ALL of the necessary experiences, and gaining all of the related skill sets on the path. We do not jump to this space without passing the tests of the previous levels. The fires of all four lower levels from each axis are necessary to be experienced fully before one is refined enough to become 5th Realm Complete.

It is in this space where we fully realize that all fears and perceived threats were merely shadows of the truth, and where we work privately with our Creator to purify and cleanse any remaining blots, barbs, or stains from our minds and hearts.

You likely came to the 5th Realm state and discovered its unexpected rewards through at least one excruciating, life-altering experience, where your desires were sacrificed for the good of another. This may have been imposed on you, or accepted by choice, but it was your response to the experience that lifted you to this state.

Having chosen an unconventional response and expecting to suffer for it, you may have been surprised to experience the mystery promised that *he who loses his life for God's sake shall find it*. Who knew you could experience such an exquisite moment of perfection and depth of serenity in coming to peace with something so dreadful? Having experienced this ascension once, you now seek and find uncommon joy in conquering hard things.

Yet, although it may appear to others that you have, in some ways, accepted a life of suffering and sacrifice, you are not a victim. The selflessness gained through those series of decisions came from a position of strength, and choice. Your forbearance was not imposed on you, it was consciously adopted, and willingly accepted, even embraced.

It is in this outer realm where all remaining ego, prejudices, hidden vices, fears, and grudges are dealt with and purged forever. It is to be one with God - the ultimate endeavor - and few there be that find it.

While nobody knows better than you that you are not a perfect person, these moments of perfection and sacrifice have elevated you, rather than diminishing you. Your unassuming way of being is a strength that emanates power and influence which cannot be measured, and which can be employed in no other way. This is why what you have achieved is so rare. Even though your life will continue to have its ups and downs, its failures and successes, you will always be able to return to that place of serenity which you discovered in your extremity, whenever you remember and return to the steps that put you there the first time.

You have experience with intentional goal achievement, and make empowered decisions. You understand there are fewer risks more dangerous than a careless mindset. As mastering one's mindset can be a lifelong pursuit, your mindset type is among the most conscious of where you fall short.

Not only have you discovered the power of your thoughts, but you've learned to employ them intentionally for achieving sometimes seemingly impossible goals. You learn from your mistakes, and forge ahead courageously. You have experience with that rare kind of faith that causes things to happen—and whether you know it or not, you've likely participated in miracles.

Even if you can't see it, and even if the world doesn't know your name, you are beginning to live a legendary life. If you are not already wealthy, you are headed in a good direction. Going forward, look for evidence that the wealth you enjoy is directly related to the amount you need to accomplish the next step for your life's mission.

At the 5th Realm/Sage stage of development, you do not measure success in dollars, but in influence and legacy. Your values and principles run like a thread through everything you do. You are a deep thinker, clever, creative, and intelligent. You show great knowledge and sense.

You are beginning to understand the laws of success, learning to rely on them to help you overcome every obstacle. You believe in unseen help and may be aware of experiencing its sometimes inexplicable assistance.

You are generous and pleasant. You hold other people in high regard. You move forward with faith, even if you don't see how the goal will be achieved. You're on track to mastering your mindset and will continue to achieve everything you set out to do, as you continue to choose goals that are aligned with your life's purpose or divine mission.

Other Common Attributes:

- Confident about goal achievement, and selective about what to pursue.
- You are quick to adjust your mindset when the potential for negative outcomes arise.
- Goals are not extensively delayed by unresolved issues from your past.
- Your leadership and influence is not dependent on your having a particular title or position.
- Your vision and goals tend to have a divine, inspired, or uplifting purpose.
- You spend less time analyzing your problems and more time focused on affecting the desired outcome.

Possible Blind Spots - Be wary not to brag that you scored in the 5th Realm, because an honest person with this depth of character will be the least likely to make the status known. Despite how well you performed on the test, there is always room to grow. The minute you think you have achieved the pinnacle, you will begin to decline, so always be about further learning and growth, or turn your focus to teaching and showing others how to enjoy for themselves what you have achieved. Help others achieve it more quickly by allowing them to learn from your experiences and mistakes. Don't become so refined that you are unwilling to share your errors, show your flaws, and how you overcame them. Because you've come this far having grown so much, individuals at this stage of development may struggle with being teachable.

One who grows beyond the 5th Realm/Sage stage of development will attest to the following:

"In the end, only three things matter: how much you loved, how gently you lived and how gracefully you let go of things not meant for you." - Jack Kornfield
