Exemplar/5th Realm (E5R)

Points (H) 3.00-3.99, (L) 5.00

Philanthropist, supporter, wise, empowered

Overview - One who is motivated by how it feels to serve others, and who knows how to successfully achieve goals using success principles.

Strengths - Supportive, selfless, generous, altruistic, experienced, wise, calm, knowledgeable, intelligent, sensible.

Driven by - The feeling of contribution, the long term vision, peace, and impact, focused on principles.

Combination Analysis - You have a heart of gold. Life's experiences have brought you to a place where you love feeling the joy of helping others overcome their challenges and find relief from their burdens. You enjoy the high that comes from giving of yourself for the benefit of others. Even if you don't think so, the world is a better place because you are here. You hope to make a meaningful contribution that helps your fellow human beings.

You have moved beyond intentional goal achievement to a place of being at one with God's purposes, and only employing those skills when your life's purpose or divine mission assignment calls for it. The skill is not used for self-gratification beyond meeting your own needs, but it is readily utilized for serving others in their needs. You're still conscious of where you fall short in the consistent application of true principles, but have learned how to rely on a power bigger than yourself to fill in the gaps and make up for your shortcomings.

No goal is too big, no cause too impossible to keep you from doing what you were put here to do. You learn from your mistakes more quickly than in the past, and forge ahead with both patience, temperance, and courage. You know that you've participated in miracles.

At this stage of development, you no longer measure success in influence and legacy, but in the real impact and improvement enjoyed by those you serve. You're now more interested in *their* influence, and in *their* legacy. You experience a oneness with God or Nature which guides your thoughts and actions to align with His will or the most Elevated Purpose in all things.

As for yourself, you are less focused now on what you can gain on the path; you've shifted to a place where you are more interested in what you can release both materially and emotionally, and in the experiences through which you pass for how they change you. Needs are few for a person in this realm, but all needs are naturally met with ease for those who live here.

You are a compassionate and patient wellspring of healing for others who are inspired and changed by your confidence in true principles. You are generous yet wise in your interactions with others, long-suffering in outcomes, and trust that ultimate good can be realized out of any circumstance. You participate in causes but are inclined to avoid recognition. You know your place in the grand scheme of things. You have become so others-focused that even the thrill of making a difference is no longer needed nor expected. The good news is that in living life unfettered in this way: clear in spirit and pure in heart, you will always have access to the rare rewards of true joy and serenity. You dwell in calmness beneath the tempests, and soar above the storms in stillness.

You consistently rely on the laws, unseen help, and divine power to help you overcome every obstacle. You are more consciously aware now when you experience its assistance, and despite the natural ups and downs that continue to give life meaning, your existence in general feels more purposeful, fulfilling, and joyful than ever.

Possible Blind Spots - One area where you may discover something new and uncharted is in checking your motive in your relationships with others. You may discover that there is an even greater feeling yet to be discovered than even the joy of service you've come to know. Because you've come this far having grown so much,

individuals at this stage of development may struggle with being teachable. Sometimes your greatest moments of clarity, satisfaction, and empowerment will come through responding in new or unconventional ways to life's greatest trials.

One who grows beyond the Exemplar/5th Realm stage of development will attest to the following:

"Never let a short term desire get in the way of a long term goal." Curtis Martin

"Goals are a means to an end, not the ultimate purpose of our lives." - Tony Robbins
