## Achiever/Sage (AS)

Points H(26-50), L(76-100) - Performer, producer, wise, empowered

**Overview** - One who is motivated by the public victory, and who knows how to leverage universal law and principles to successfully achieve goals efficiently.

**Strengths** - Responsible, producer, high performer, admired, dependable, leader, mover, shaker, doer, experienced, wise, calm, knowledgeable, intelligent, sensible.

**Driven by** - Growth, progress, expansion, popularity, success and the public victory, long term vision, peace, focused on principles.

**Combination Analysis** - A success-minded high performer. When given a task, you can knock it out in record time. Life is good as long as you're checking things off your list, but when you don't know what to do next, you can sometimes experience a void that is only filled by setting another goal or checking off another task.

You aim high and have a perfectionist's eye for detail. When something needs to be done, you can usually do it without supervision. Some people may view you as a "mover and a shaker". Your self-esteem is boosted by the feeling of growth, progress, and expansion, and it can be hard to understand why others don't want to move and grow at the same pace. Your drive has brought you to the accomplishment of some great achievements, so it can be puzzling when those closest to you don't always appreciate your dedication to excellence.

You have experience with intentional goal achievement, and make empowered decisions. You understand there are fewer risks more dangerous than a careless mindset. As mastering one's mindset can be a lifelong pursuit, your mindset type is among the most conscious of where you fall short.

Not only have you discovered the power of your thoughts, but you've learned to employ them intentionally for achieving sometimes seemingly impossible goals. You learn from your mistakes, and forge ahead courageously. You have experience with that rare kind of faith that causes things to happen—and whether you know it or not, you've likely participated in miracles.

Even if you can't see it, and even if the world doesn't know your name, you are beginning to live a legendary life. If you are not already wealthy, you are headed in a good direction. Going forward, look for evidence that the wealth you enjoy is directly related to the amount you need to accomplish the next step for your life's mission.

At the Exemplar/Sage stage of development, you do not measure success in dollars, but in influence and legacy. Your values and principles run like a thread through everything you do. You are a deep thinker, clever, creative, and intelligent. You show great knowledge and sense.

You are beginning to understand the laws of success, learning to rely on them to help you overcome every obstacle. You believe in unseen help and may be aware of experiencing its sometimes inexplicable assistance.

You are generous and pleasant. You hold other people in high regard. You move forward with faith, even if you don't see how the goal will be achieved. You're on track to mastering your mindset and will continue to achieve everything you set out to do, as you continue to choose goals that are aligned with your divine mission.

**Possible Blind Spots** - Impatience, imbalance, ego, interrupting others, irritated easily, stubborn, not teachable, dismissive. You've got a lot going for you. But there is an even more exquisite experience available when you learn how to be motivated by a higher cause. You may feel your life was cut short if you get to the end of it without discovering the joy of truly losing yourself in the work of helping others without the world even knowing you did. Because you've come this far having grown so much, individuals at this stage of development may struggle with being teachable.

*"You have not lived today until you have done something for someone who can never repay you."* – John Bunyan

*"If you're not making someone else's life better, then you're wasting your time. Your life will become better by making other lives better."* – Will Smith
